

## Sewing

### Basic Sewing

**Course fee \$65**

Purchased a machine and don't know how to use it? Or, if you will be purchasing one in the future? This course will help you identify parts and terminology associated with sewing. Learn how to use and care for your machine. Bring your machine & the manual. If you do not have a machine, one will be made available for you to use. Bring all accessories, Foot Pedal, Power Cord, Thread & Scissors.

So, use your imagination to create personalized decorative items and gifts...and save at the same time! Class will consist of basic sewing skills, including straight and zigzag stitching, buttonholes, mending, hemming, zippers, patterns and layout. Sewing machines will be available for class use.

January 14, 2012	9am-3pm	Saturday
January 28, 2012	9am-3pm	Saturday
