

Recover Deleted Items

Recover an item still in your Deleted Items folder

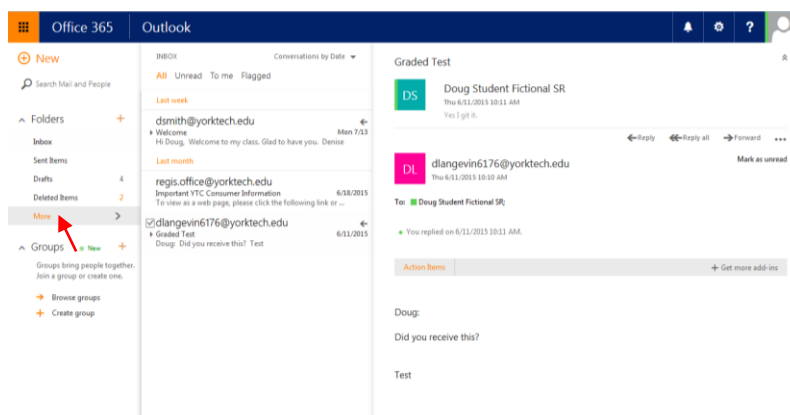

1. In your email folder list, select the **Deleted Items** folder on the left.
2. Right-click the item you want to restore and then click **Move** then click **Inbox** on the slide-out menu.

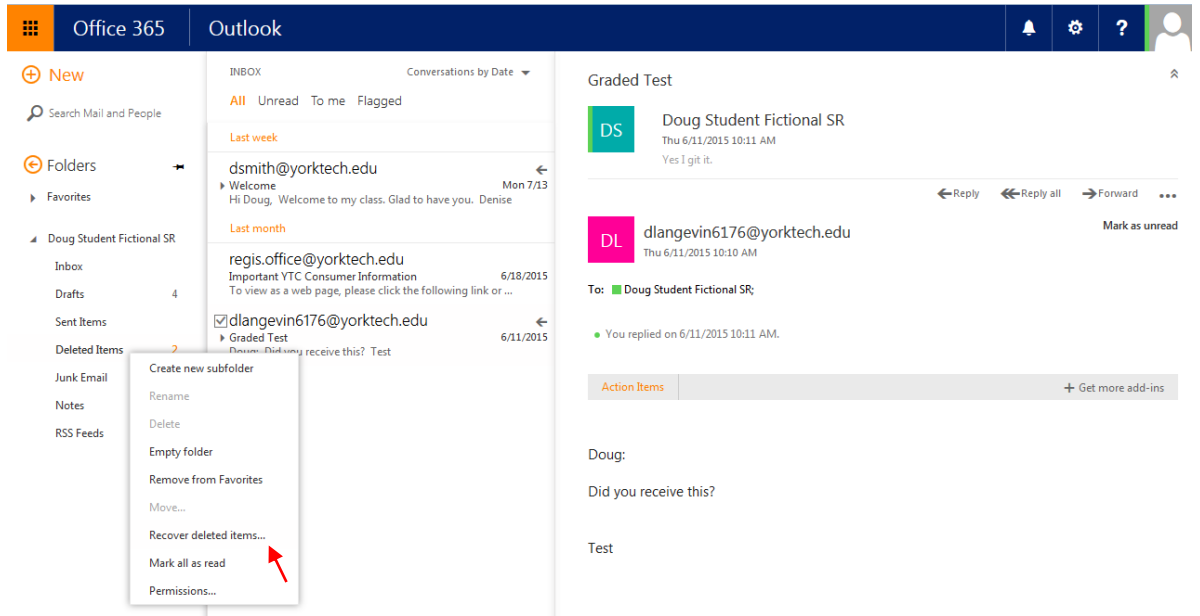

3. Click **Inbox** to return to your inbox and you will see your message has been recovered.

Recover an item that's no longer in your Deleted Items folder.

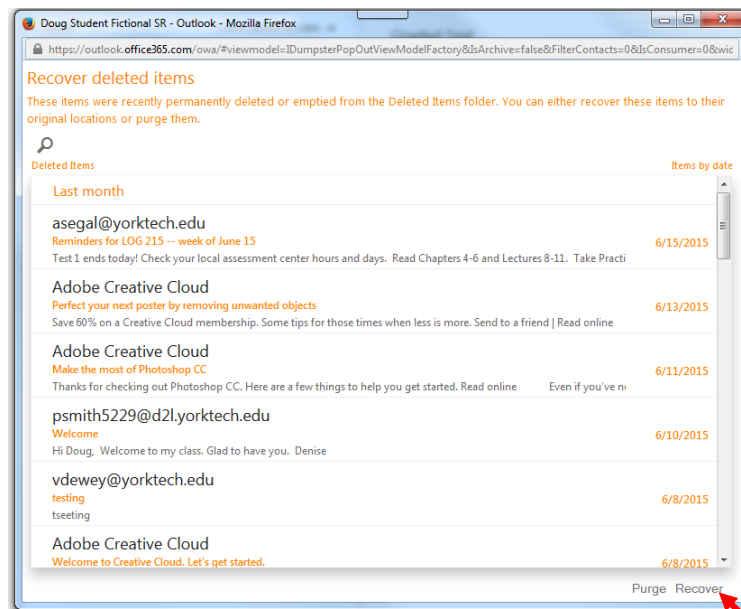

1. Click the **More** button to list all your folders.

2. Right-click the **Deleted Items** button.
3. Click **Recover Deleted Items**.

4. Select the item you want to recover and click **Recover** at the bottom.

5. Click **OK** on the confirmation screen.
6. Close the recover window and return to your inbox. You will see the message has been recovered.
